

Log: 3

Meeting No: 07

Date: 2025/11/24

Start Time: 8:30 AM

Last Visit Date: 2025/11/17

Finish Time: 9:10 AM

Items Discussed:

1. Identify and document the top 5 key pages from each researched software.
2. Analyse and summarize their detailed UI patterns:
 - a. Pagination style, Navigation flow, and View Layout
 - b. Button styles, Colour palette consistency, and Visual hierarchy
3. Prepare a comparative feature table across all five applications.
4. Begin drafting HeartWay's initial wireframes based on gathered insights.
5. Refine Research colour palette and button system for design consistency.

Achievements:

- Completed documentation of the top 5 pages for each researched software.
- Analysed pagination, navigation hierarchy, colour palettes, and UI consistency.
- Created a structured feature comparison table for all five systems.
- early drafts of HeartWay wireframes (home, login, dashboard).
- Refined primary and secondary colour palette and button UI guidelines.

Problems (if any):

- Some UI behaviours required manual inspection due to lack of demo access.
- Differences in design styles made standardization slightly time-consuming.
- Uncertainty in selecting final wireframe layout for HeartWay's minimalist design.

Tasks for Next Meeting:

1. Researched backend journals focusing on:
 - a. Financial attributes needed in the system
 - b. Business, marketing, and legal reasons for using these attributes
2. Analyzed **actors** for the use-case diagram:
 - a. Admin, Seller, Buyer, Delivery Partner, Finance Team, Support Team, Guest User
3. Identified different **user roles** required in the platform.
